## **What are dental sealants & fluoride varnish?**

**A safe & painless way to help prevent cavities!**

- ☺ **Dental Sealants** are a special coating painted on the chewing surfaces of the back teeth.
- ☺ **Fluoride Varnish** is a special fluoride coating painted on all teeth.

Funded by Alliance to the San Diego County Dental Society and San Diego County Employee Charitable Organization in collaboration with North County Health Services, North County Dental Task Force, Dental Health Initiative/Share the Care, and Health Initiative of the Americas during Binational Health Week
